After some years in consulting, I've discovered my passion for software development!

Work Experience

- 2019 - 2020 **R&D Consulting Team Lead**,
Leyton Iberia, Barcelona.
- Implemented Scrum framework with increments in transparency and efficiency.
 - Worked closely with some of the best Barcelona based tech companies in their web infrastructure.
 - Shifted my paradigm of how a team works.
- 2017 - 2018 **R&D Consultant**,
INCOTEC, Barcelona.
- R&D consulting with a focus on technological improvement and automation.
- 2015-2016 **Junior Software Developer**, *CEIT*, San Sebastián.
- Collaborated with their electronics laboratory for various projects developing specific software.
 - Geolocalization, power electronics, automation, etc.
 - C++ and Python.

Education

- 2018 - 2020 **MSc in Computation and Data Science**, *UOC*, Barcelona.
Thesis project in Deep Learning
- 2019 - act. **Physics**, *UNED*, Remote.
Part time for personal interest.
- 2012 - 2016 **Electronic Engineering**, *UNAV*, San Sebastian.
